Eulogy

Louis E. Berry, husband, father, grandfather, great-grandfather and beloved friend was born on the island of St. Barths on April 18, 1906. He migrated to St. Thomas at the age of 9 and resided on the north side of the island.

Louis, better known as "Elphege" or "Fred", married Angelina M. Greaux on February 21, 1928. He raised 15 children and loved them all. He was kind, understanding and a hard working man. He was thoughtful and considerate of his fellowmen. We will also cherish his fine sense of humor.

Louis was both a farmer and fisherman. He spent many happy hours cultivating the land and fishing the seas in order to provide for his family.

Louis suffered and cried but he kept his faith in God. We must accept God's will. We are comforted to know that he has a place in God's kingdom now that his mission on earth is accomplished. May God grant us the strength to continue life in peace and love as he taught us.

May our beloved Louis rest in peace.
